To whom it may concern,

We as Just Letting Pretoria North use the services offered by The Incredibles since 2009, and we are extremely happy with the service we receive. Reynert Gerber, the owner of The Incredibles, is always very friendly and ready to help, no matter how big or small the job is.

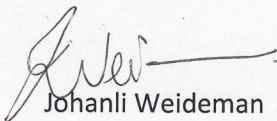

The Incredibles is a team of highly skilled, trustworthy and hardworking professionals who show knowledge in their field of work. Their work is known to be very neat, always correct and one can be sure that it is done according to the required SABS specifications. In all these years we have not once received a "come-back" for work done by The Incredibles.

We are very impressed with the quick response we get every time. The Incredibles is a company on which one can count on. They offer incredible service with fair affordability. One can always be sure to receive the best of service, even if you just need advice.

Based on the service we receive from The Incredibles on daily basis, I would definitely, without hesitation, recommend The Incredibles to anyone in need of general maintenance work, from geysers, ovens, swimming pools, electric garage doors, electric gates to leaking toilets and blocked drain pipes, anything.

It is an absolute pleasure to work with such a great team who shows loyalty and respect to their customers. Should you have any further questions, please do not hesitate to contact me.

Regards
